Honorable L. Mendel Rivers  
House of Representatives  
Washington 25, D. C.

Dear Mr. Rivers:

Thank you for your letter of 9 August regarding an inquiry which you received from Mr. [redacted]

We have discussed this inquiry with [redacted] representative who interviewed [redacted] tells us that he talked with [redacted] regarding possible employment with the Agency as a medical technician. However, on the basis of the information developed in the interview, [redacted] concluded that [redacted] experience and training were not of sufficient scope or recency to meet our standards and he did not, therefore, ask [redacted] to complete formal application papers for further consideration by our headquarters staff. On review of the information available, it appears that [redacted] conclusion was correct.

If [redacted] would prefer to complete formal application papers which will present his qualifications as a medical aide in more detail as well as other qualifications which perhaps did not appear in his interview, we shall be glad to receive his papers and give him consideration for any vacancy for which he may be qualified. We are enclosing a set of forms which you may wish to forward to [redacted] in this connection.

Your interest in writing to us about [redacted] was appreciated and we hope that the information supplied above will be helpful to you in responding to his inquiry.
